## Dr Hayley Jenkins

In case you are worried we do not have a new doctor in the practice, Dr Hayley Allen has changed her name to Dr Jenkins.

There will be no change to the registration status of Dr Allen's patients; you have simply transferred to Dr Jenkins, so please be assured that it's business as usual.

## Dr Richard Collins

We are thrilled to announce that Dr Collins will be working hard over the coming months to further develop his expertise in muscular skeletal matters.

Unfortunately, it does mean that he will have less time in the practice but he will be deepening a very specialist skill which should be of benefit to many of our patients, meaning fewer referrals and quicker treatment.

To compensate for the reduction in Dr Collins' available time the practice will commence the process of recruiting another doctor. We will keep you apprised of developments, in particular Dr Collins's patients, as soon as there is any meaningful information to share.
